

# KELLY DUPLEX

## Model 110 Mix 'N Grind Combination Hammermill/Mixer 5 HP drives; Serial #M01003

The KELLY DUPLEX Model 110 combination hammermill/mixer is suitable for grinding and mixing most free flowing materials weighing between 20 and 60 pounds per cubic foot. This combination machine is particularly suitable for grinding various grains and mixing the ground grains with additives, producing superior animal feeds in small batches. The Model 110 has a working mixing capacity of 32 cubic feet and can easily produce 1000-pound batches of most feeds. Standard equipment includes a bagger discharge at a 34" discharge height. Many other sizes and capacities of the Mix 'N Grind are available. Ask for specification and price sheet #108111Q.
